HK Housing Survey Resistance By A CHINA MAIL

University students yesterday reported that the first day of the Hongkong housing survey was "hard work."

REPORTER

Mr Thomas Yan, who in charge of the teams, told the China Mail that in several cases the students were refused entry into homes, while in other instances residents were reluctant to answer some of the questions, believing that the students were prying into their nffairs.

"This is quite natural," Mr fan commented. He explained that the Hongkong public was not used to being interviewed in this way. He said that in many cases the heads of the families were at work yesterday and the "old grandma" would dell the teams to return again in the evening. That meant another trip Mr Yan said, but it had to be done.

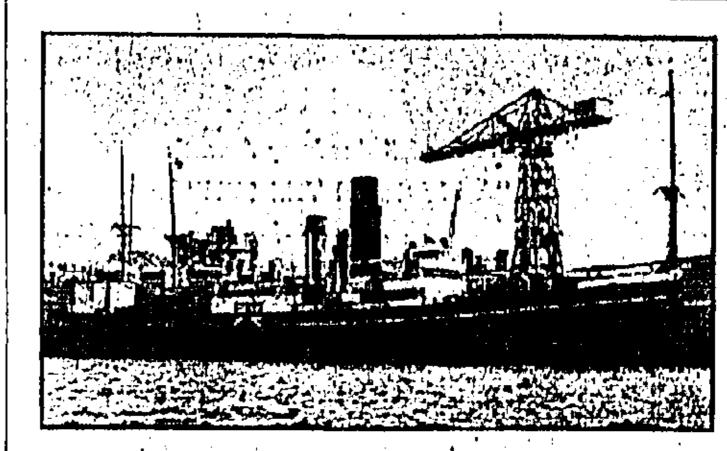

PERSONALITY Mr Yan said the majority of the eases depended on the personality of the members of the team and their patience, Once they managed to gain the confidence of the people to be interviewed, he said, ques-

tioning was casy. However, all students have had lectures on how to brenk down the "iron curlain" before they started field work yesterday.

The housing survey will be continuing for about one month.

LORD **PATRICK** TO **RESIGN?**

London, July 24. ORD Patrick Beresford, 23-year-old recent escort of Princess Margaret, is going to re-sign from the British Army, the Daily Mail reports today.

The newspaper's diarist quotes him as saying: "I intend to resign before the end of the

"So it is monsense to say that I will be going out to Cyprus. TAKE UP RIDING

seriously. My coach will be Mr Vicicent O'Brica, the Irish trainer of three successive Grand National winners." The Daily Mall diarist says that Lord Patrick's decision "means that there need be no break in his friendship with

Princess Margaret." Since Monday several newspapers have carried reports quoting his family or the War Office, that Lord Patrick is to be sent to Cyprus to rejoin the Royal Horse Guards in which he is a lleutenant.

NO PARALLEL

Vesterday, the columnist of the Daily Mirror said: "It is foolish to draw any parallel between Lord Patrick and Group Captain Peter Townsend, another escort of the Princess who left the country.

It seems hard that a young officer cannot be her (the Princess's) escort without gossip claiming that as a result he is being scat out of the country."-

Middle-Age Dream Come True

COUPLE DECIDE TO SAIL AROUND WORLD

Chicago, July 23. Mrs Chris Kappler, 39, said "Okay, Let's go" when her husband casually remarked he wanted to sail around the world.

November they sold all their Haven, Michigan, last Saturday possessions and bought a 45- and docked here. They plan foot, two-masted schooner to leave on Friday or Saturday carrying 1,000 feet of canvas for the Gulf of Mexico via the

and a 125-horsepower engine, . The decision was the easiest part, the Kapplers said yesterday. They worked and saved carpenter and contractor and

QUIT JOB

Mrs Kappler as a book-keeper.

They planned their junket and

studied navigation charts.

April Mes Kappler gult the job she had held for 12 years, and Kappler locked up his business.

"I don't know if I'll ever unlock it." he said. They went to work on Kappy, the schooner designed by John of a lot of elbow grease put it into shape.

That was 10 years ago. Last | They left their home in South Chicago, Illinois and Mississippi

They hope to travel to the West Indies, across the Atlantic, to Africa and journey through over the years, Chris, 50, as a the Sucz Canal. Then they'll head for the Indian Ocean and the Pacific.

Neither has ever sailed an ocean although Kappler has done extensive inland sailing.

"When dur finances for low, we will just stop and get work," Kappler said. "My wife would make a good waitress and I can always pound a nail."

"People look at us partly with envy and partly as if we are crazy. What's wrong with Hans, and with the expenditure making a middle-age dream come true?" Kappler said.---United Press.

MAN SPENDS SAVINGS PREPARING FOR DEATH

Oxford, Miss., July 23. A 36-year-old veteran, stricken with a rare nerve disease and given less than one year to live, today stood 0,000 miles away from his last hope because he spent his savings preparing his family for his death.

J. T. Westmoreland, 36, married and father of four children. was stricken with a type of scierosis in 1955 and teld by doctors that he had less than one your to live!

Westmoreland, who was working as an accountant in the disease sweets, moved to Oxford so that his wife could

finish work toward a mathematice degree at the University of Mississippi and work to support the family after his death. Mrs Westmoreland lacks only a year for her

However, Wesimbreland learned recently that he might have hope of recovery. The National limitiate of Health in Washington said that Russian-berts dector Schwenninggen, Germany, avparently has cuted some viotime of the rare distant.

Westmoreland became acquaintod with stiether victim of the distant, John Godfrey of and wild he recoulty

leakned that Godfrey siler "greatly improved" taking treatment from the doctor in Germany.

But Westmoreland has exhausted his savings on his wife's education and his doctor's bills. The family lives on the campus and he helps the older children take care of the younger ones while his wife is in class. Westmoreland .. served ... in . the

Facts & Figures—

DATEJUST, worn by the most famous men of our time. The highest chronometer — & Datejust — is now on the wrist of

one of the most eminent men in the world. Waterproof in its Oyster case self-wound by the Perpetual "rotor" mechanism, it shows the date in a magnified window on the dial.

A total of 116 firms obtained Official Timing Certificates last year. The total number of Certificates for Gents' watches delivered to the entire Swiss watch industry was 78,668 last year, which represents a vast advance over the previous year of 1955 when 57,748 were produced. The increase in the production of Gents' chronometers last year is proportionately higher than the increase in the total production of the Swiss watch industry for 1956 compared to 1955. This fact clearly shows that more and more manufacturers realize the importance of chronometer production.

In spite of this intensive competition, Rolex were able to maintain their first position with a total of 41.92% of the entire chronometer production of the Swiss watch industry!

A landmark in the history of Time measurement

One Lovely Spring

-Knurf and Teddy Want Something Pleasant To Do-

By MAX TRELL

"What are you doing?"

I'T was a wonderful spring day. "I'm doing lots of things," said Knarf, the Shadow Boy, was the Dog. "I'm running, jumping, sitting under the shade of a daisy barking, hunting, playing." with his small, fat friend Teddy, These things seemed like a lot

the Stuffed Bear. of interesting things to do. But Nothing in the whole world Knarf and Teddy shook their (as far as we know) can be heads and said they thought more pleasant than sitting under they'd get too tired. So off went the shade of a daisy on a the dog to continue running, wonderful spring day. Knarf and Teddy had been silent for quite a while just Then Earth Worm stuck its thinking to themselves about head out of its hole on the other

how pleasant it all was. Finally, Knarf said: "Teddy, are you "No," said Teddy. "Are you?" you haven't anything else to do, "If you're not asleep," said why don't you come sliding Knorf to Teddy, "I think we down my tunnel?" cught to do something." "Do what?" asked Teddy.

Something Pleasant

"Well," said Knarf, "if some- Duck came along and asked one came along with something them to go waddling. Free came cught to do it." "So do I," said Teddy, "and here comes somebody." At that moment, a caterpillar "What are you doing, Caterpillar?" Knarf asked.

"I'm crawling along, looking the tree came Sparrow, for fresh green leaves to nibble on," replied Caterpillar, "Would you two gentlemen care to join Knarf and Teddy exchanged glances. Both of them shook

their heads. "Sorry," said the Calcapillar, and he went examing off, The next moment, Cat came along, Knarf and Teddy greeted "What are you doing, Cat?" nsked Teddy.

Looking For A Mouse

slinking around," said ot. "I'm hoping to find a c. Come and slink along me and woll all find a Kn of and Teddy shook their heads and thanked the cat for her kind invitation. "It's your

Then a Dog came along.

loss," said the cat and she slunk

Caterpillar asked Knarf and Teddy to join him.

"That's what I want to do," cried Knarf. "Me too!" shouted Teddy. "I see," said Sparrow, "You want to fly."

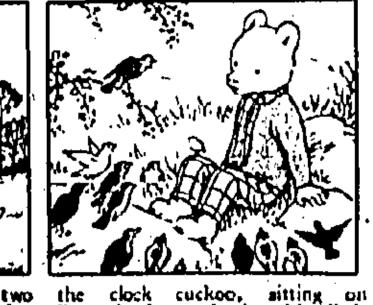

And they nodded their heads and said "Yes! Yes!" But Sparrow shook his head very pleasant to do, I think we along and asked them to go hop- and said they couldn't, because no one can fly unless he had wings. And neither Knarf nor Teddy had wings.

They kept shaking their heads So they just sat under the and saying politely that they daisy, on that very pleasant spring day, and thought how wonderful it was—even though they couldn't go flying.

Rupert and the Old Hat-22

Before Rupert has gone far two inquisitive birds catch sight of what he is holding and swing towards speech. The others listen intently him. "Hi, could you fetch a lot at first but when they realise what of your pals and bring them to he wants they interrupt him us?" he calls. This Funny World

They'd get me for descriion"

With the spotlight on that very successful and sporting unit, 27 HAA Regiment RA, commanded by Lieut-Colonel A. F. Stanton, OBE, RA, it is of interest to note that by Royal Artillery standards the Regiment is the merest baby, being formed as recently as 1927 and renumbered in 1947. However, as each of the three Batteries, 6 HAA, 23 (Gibralter), and 137 (Java), were raised in the 18th century, the former as early as 1743, the Regiment may justly claim maturity.

In any case what a virile 'baby.' They have reached the concluding stages of the majority of sporting events, and the hardest part of this review will be where to start, and how to avoid giving too much space to one activity at the expense of another.

remember, and while some winner of the trophy. Gnr. Swinburne alone were a few jelly fish stings. worth victory, and indeed this . As might be expected pair were largely responsible unit were well to the fore for the 3-2 result, after the the booking world, playing of extra time.

FIGHT FURY

DYNAMITE

By HAROLD MAYES

Hogan Bassey is a fighting fury all to himself. Not just on an isolated occasion, but every time, it seems, when the situation demands it. That is why, in dealing with the thrills the little Nigerian from Liverpool has given me, I find it difficult to pin them down to one contest,

A few weeks ago this thick-set, short-armed bundle of dynamite justified the faith I had in him by winning the World Featherweight Championship in devastating smash-hit fashion,

and humillating defeat in Paris's menacing-locking gash Palais des Sports, he gave ade- Darrey's left eye, quate testimony to the fact that. he was the most complete workman operating in British

EIGHT OF OPEN SINGLES

Good Bowls By Both As Raoul Luz Eliminates A. M. Omar

By "TOUCHER"

Raoul Luz, only survivor of the nine ex-champions who entered for this year's Colony Open Singles Lawn Bowls Championship, yesterday moved with three other competitors, C. C. Ma, B. Douglass and G. F. Leslie, into the last eight of the event.

Playing at Kowloon Bowling Green Club, Luz displayed top form to eliminate A. M. Omar of Indian Recreation Club by 21-14 after 19 heads. A good standard of bowls was served by both players and there was not a lucky shot except on one head — the 12th — when Omar took a two by deflecting the jack backwards.

Another up and coming

the 23rd head, when Douglass

moved to 18-14 and went on to

score three singles in three out

of the remaining four heads to

Fourth bowler to enter the

last eight yesterday was G. F.

Leslie of Kowloon Bowling

Green Club, whose slight

jack carned him a 23-19 win

Now

Ten days to go-and what about your entries for the China Mail photo competition? As from today the China Mail publishes some

of the entries it has received. This will continue until the competition closes on Saturday week. The first picture published was submitted by Mr

C. C. Lau, in the news section. It is captioned thus: "What Can We Do?-Just as the fire broke out in a house in Shaukiwan, Main Street on 17/12/55 at 1 p.m. two policemen appeared on the scene, but they could do nothing except wait for the fire engine."

BIG PRIZES

Big prizes are to be won in this competition which is being Leid in two sections, news and "human or animal interest." The first prize in each section is \$150 and the second is \$100.

All you have to do is to read the rules and regulations, then cut out and fill up the form at the bottom of the page, stick at the back of each entry you submit and post or deliver it in a hard-backed envelope to the Editor, The China Mail, 1-3 Wyndham Street, Hongkong.

Rules And Regulations

1. Entry is free.

2. One entrant may submit two photographs

in each section. 3. All entries must be accompanied by the printed slip below, duly completed and

signed. 4. All entries must be preferably on glossy-

finish paper and measure 6 x 8 or larger. 5. All entries must carry a caption adequate-

ly describing the photograph.

6. Retouched photographs will not be accepted. 7. Photographs should be topical but good

news photographs taken in previous years are acceptable. 8. The China Mail cannot accept entries from any members of the staff or their

families of the South China Morning Post Ltd. 9. Photographs known to have been published in any newspaper, magazine

or periodical in this Colony or in any part of the world will not be accepted. 10. All entries submitted become the property of the China Mail and the China Mail reserves the right to exhibit and publish

some or all of the entries at a later date. 11. All photographs must have been taken in

Hongkong by the entrant. 12. The editor reserves the right to refuse any entry if it is considered in any way offensive, or if it is otherwise unsuitable.

13. The China Mail reserves the right to determine the size of each published picture. 14. No responsibility can be accepted for any

to reproduce photographs to the best of this newspaper's ability. 15. The judges' decision is final and no com-

plaints or appeals will be entertained.

SHORTAGE OF RICE IN MALAYA EXPECTED

Kuela Lumpur, July 23. The Malayan Ministry of Commerce and Industry said today there would probably be a rice shortage in Malaya early next year.

Inche Ismail Mohammed All, land this year because of recent sharp rises. drought,

AGREED

He agreed with Malayan traders who yesterday predicted the price of rice would rise further here because of the Thai Government restrictions on exports and increased prices there. The Singapore Covernment has followed suit with a temporary suspension of all permits

Inche Ismail sald Malaya would need about 60,000 tons for the first two months of next year. The shortage would be felt most during those minths.

to export rice.

Late planting in Thailand this year would mean that new crops would not be available as usual at the end of the year,--Reuter.

LAY-OFF **OF** MINERS

Kitwe, July 23. Northern Rhodesian Copper mining companies began laying-off various categories of European daily paid employees in line with their decision to close down the mines in an orderly manner.

This followed the refusal of rock-breakers to work a full eight-hour shift on Saturdays. The General Secretary of the 17 Northern Rhodesian European Mineworkers Union, Mr Ben Petersen, said it appeared that | 7 within a few days operations on t the mines would be closed

PROCEDURE

A spokesman of the Chamber of Mines said netual figures of men who were being laid off were not yet available as procedure differed on various mines.
Yesterday, some of the companies gave 24 hours notice to rock-breakers in their employ and other companies are expected to follow suit today. Mr Petersen said this morning he would be having talks on the position with the African Mineworkers Union this after-

Meanwhile, he has postponed his trip to the United States, which he was to have made at the end of this month, until. problems on the copperbelt have been solved — China Mail Special.

INCREASE FOR RUBBER **WORKERS**

Cleveland, July 23. The Goodyear Tyre and B Rubber Company and the i United Rubber Workers have agreed on a 15-cent an hour increase for 24,-11 000 employees.

This settlement, coming just two hours before a strike dead line, would bring hourly wages to an average of \$2.541/2. The Goodyear settlement was

expacted to set a pattern for the rubber industry's other large producers—US Rubber Company, B. F. Goodrich and Fire- N stone Tyre and Rubber Company, who are now also N negotiating with the union.

RATIFY

A majority of the branches representing a majority of the membership must ratify the agreement renthed. The union's negotiating com-

mittee, made up of representatives of all eleven branches, recommended approval. Mr. J. F. Carter, Vice-Presi- Shell Oil Co. dent in charge of Goodyear Industrial Relations, and Mr

Scattered

Scattered selling also reflected the more favourable aspect of erop and weather news end a disposition to lighten commitments pending developments on farm legislation.

Prolonged duliness in textile market also restrained buyers. However, some quarters thought the cloth market had a firm undertone and that low incruzciros per kilo were as folscale fabric buying.

The Government weekly summary said cotton continued to make mostly process under normal temperatures in Louisiona and the region cast of the Mississippi River, Hanvesting continues active in the lower Rio Grande valley, with older cotton making fair to good development. But elsewhere in Texas hedging was reported in southeastern portions.

CONDITIONS MIXED LONDON

London, July 23. Conditions on the stock market were mixed today. Sellers were disturbed by the labour unrest at home and the Oman events in the Middle East but buyers furnished a good undertone.

British Governments started firm. Gilts in the market turned easier and lost about 1/4 sterling. Among the industrials Imperial Tobacces maintained division and hopeful statement lifted the shares some 2 shillings 6 pence to 40/9.

Electrical issues lost further ground but the leading miscellaneous shares were steady. Oils were mostly lower except for Shell Trinidad which rese 3/9. Foreign bonds were featureless; dollar stocks mostly fell back in step with Wall Street but the premium advanced to 171/2 .-United Press.

PAYMENTS TO BE DEFERRED

Calcutta, July 23. Mr S. L. Bilgrami, Chief Controller of Exports and Imports for the Indian Government, said here today that four countries, including Britain and Japan, had agreed to a deferred payment arrangement for goods supplied to India.

He said the agreements, which were at supplier importer level and not government level, were worth 300 million rupees and covered mainly capital goods.

The other two countries were West Clermany and Italy. He said India preferred this method of payment in view of the tight position of foreign exchange.—Reuter.

THE IMPORTANCE OF CHARACTER TRAINING

Stressed By Education Director

The Director of Education, the Hon. D. J. S. Crozier, stressed the importance of character training in schools when he addressed the Wing Hong school at its seventh anniversary and graduation ceremony this morning.

Mr Crozier said: "Knowledge, of course, is essential if we are to succeed in earning a living. But we must also know how to apply that knowledge and how to use it for the benefit of others as well as of ourselves. That is where the development of personality and the training of character comes in."

Mr Crozier told students this

VICE CHIEF OF THE AIR STAFF LEAVES COLONY

The Inspector cautioned him for Australia from Kai Tak by

yesterday on a one-day visit in general spirit that animates lowed." the course of a tour of RAF both those who teach and those units in the Far East.

was his first visit to a function of the Wing Hong school. "First experiences have of course a special value of their school. I have mentioned tradiown, and especially as far as tion as one of the ingredients schools are concerned," he said. 'For no two schools are ever actually alike. They may have the same curricula and follow the same syllabuses; they may have the same equipment and cater for the same type of child. "But each has its own dividuality which is a compound of many varying factors; the personalities of those who direct it, the traditions that have been formed, or are in the arrived process of forming, and the

who learn. By Galbraith SIDE GLANCES

"Mom and Dad quarrelled about plant for their golden wedding party—she says her mother always warned her about a hasty marriage!"

"Each school has its own distinctive flavour; and today I have the pleasure of savouring the flavour of Wing Hong that gives a school its special

nature, takes some time mature and this school is as yet only seven years old. But those seven years have, I am sure, been well spent, not only in building up a school enroiment which now embraces every from Kindergarten to Senior Middle III, but in shaping the policy of education and training that is to be fol-

Personality.

Supervisor's report gives us a good idea of what that policy is. It does not stop short, I am glad to say, with the mere acquisition of knowledge; it goes on to the devekepment of pursenality. "Knowledge, of course, is

essential if we are to succeed in carning a living. But we must also know how to apply that knowledge and how to use it for the benefit of others as well as of ourselves. That is where the development of personality and the training of character comes

"None of us can — even if we wanted to :- live in isolation. We have to adjust ourselves to an environment and to other people. And the training of personality is the training of an individual in his social context: the encouragement of some Harbour Exercise of others which will result in an individual who is very dis-tinctively himself, but who lives and works in regard to others.

HK Catch Goes To America

HERE is more money in catching prawns and a more ready market for this kind of sea-food than other kinds of fish, in spite of the fact that almost a million people in Hongkong eat fish every day.

P. Prettejohn

This claim is made by a newly developed industry which freezes prawns, packs them and sends them to the United States to feed millions of people who have suddenly come to the realisation that shrimps are less fattening than other sea-foods.

One who is in the new trade said this morning that at the present moment almost 30 firms were engaged in the business and they could not get enough prawns to supply the huge American de-

This businessman said: , "There is a bigger market for frozen prawns in the United States than has been hitherto realised and once the fishermen become aware of this demand, they will go in more for prawn catching."

UP-TO-DATE PLANT

This trader, who is running one of the large cold storages in Hongkong with the most up-to-date American quick-freeze plants, said his firm was able to send about four tons of frozen prawns to the

States whenever there were shipping facilities. He believed others were not much ahead of his

One reason why his firm was not sending larger consignments was that other bidders were offering far too high a price in the open market for shrimp

He said the total Hongkong consignment of frozen shrimps or prawns to the United States amounted to almost five per cent of the total American consumption.

The United States stopped importation of prawns from Hongkong some months back when it was discovered that some traders were purchasing prawns from the China mainland and repacking them for the United States market.

However, agreement had now been reached whereby the United States would permit the importation of frozen prawns purchased from Hongkong registered fishing junks at a supervised public auction at Government Fishery Department centres.

IDEAL TYPE

Large shrimps or small prawns three or four inches long, after dressing and with the heads cut off, were the ideal type for the US market.

After purchase at the public auction, the prawns had to be washed, dressed, packed in colourful boxes and deep frozen. At present this businessman said his plant was producing two sizes of packages. · The 16-prawns-to-a-pound box for home con-

sumption and the 5-lb size for restaurant use. He said that a quantity of prawns bought and taken back to the plant about 11 o'clock in the morning, was dressed and deep frozen at 8 o'clock the same evening.

"There is a big future in this trade," he added.

HEAD-ON COLLISION

Two private cars collided head- | Tse Man-kin was later dison in Chatham Road, near Holes Yuen Street, at about 8,30 p.m.: yesterday.

One of the cars mounted the pavement after the collision, knocking down four pedestrians, two of them young boys. All the injured were an eleven-year-old boy. Tse morning. Ching-sa, a nine-year-old boy, and Tre Man-kiu, a man aged of HMS Newfoundland, was 42, nil giving the address of fined \$25 or Tour days in gapl No. 4. Battery Street, first for disorderly conduct and using floor, Kowloon.

A minil scale Herbour De-tence Exercise is being held in the Eastern half of Victoria ported to the Police yesterday.
Herbour tomorrow night. A purse, containing cash, we Harbour tomorrow night.

The aim of the exercise, in which units of the Marine Police, the Hongkong Royal way is the kind that can make Naval Volunteer Reserve, and lis own judgment, and thus remain a free agent, but at the same time be tolerent of these who differ honestly and be co-control and communication operative with them.

The aim of the exercise, in which was described and the stolen property tained and the stolen property recovered.

A purse, containing cash, was stolen from a woman in Fuk Lo which was described and the stolen property recovered.
